

CONGRATULATIONS!!!

Chantelle Bolo

Our 2014 Annual Winner

***Jewish Foundation of Manitoba
The Saul & Claribel Simkin Centre
Family Education Award***

Chantelle Bolo is pursuing her degree in Science, majoring in Microbiology. After graduating she would like to work in areas such as microbial cytology, physiology, genetics and molecular biology.

She has clear goals, has the ability to maintain a good balance between home, school, work, friends and still manages to do volunteer work. She successfully led with two other co-chairs a large sub-committee of 25 students to develop a Philippines pavilion.

She has proven to be a diligent, caring, intelligent and responsible individual who has given selflessly to support the needs of Filipino-Canadian youth and the immigrant community in Winnipeg.

Chantelle is the daughter of Lyndon Bolo, a loyal 7 year Sharon Home employee working in Resident Care as a Health Care Aide.

The fund was established by some friends of the Sharon Home and is administered by the Jewish Foundation of Manitoba. The Awards committee of the Foundation selects the annual recipient based on financial need, academic achievement and community involvement.

JEWISH FOUNDATION
OF MANITOBA

Today. Tomorrow. Forever.
